Foldable storage container

Foldable Storage Container is a great, space-saving solution to store your valuables safely and easily anywhere. It takes about 30-40 minutes to assemble and dismount. It is made of galvanized sheet, so it can withstand any weather conditions. The double doors makes it easy to access the items you want to store. Another advantage is that it's height is only 370 mm in flatpack form during transport.

Advantages

- Easy to transport due to the flat packing
- Space-saving
- Quick and easy to assemble
- Made of corrosion resistant galvanized steel
- The double wing doors provide easy access to the internal space
- Easy to dismount and store
- Available in different sizes

Specification:

- External walls: 0,6 mm thick galvanized corrugated sheet
- External profiles: 2 mm thick galvanized metal sheet
- Floor is made of wooden planks
